# MESSAGE FROM CHAIRMAN

## NISHAKHETAN

CHAIRMAN

Route International Cargo Pvt. Ltd (RIC) was established in the middle of the lockdown period of pandemic of Covid 19 in 2020. this was the time when the people and the business fraternity were stagnated. Our nation Nepal is fully dependent on the import trade, obviously could not be out of its impact. The schedule flights connecting the world were stopped. People movement was restricted and supply chain was broken down. Thus with the vision of providing one-stop freight solution with integrated all possible mode of transportation during and afterward of the pandemic situations, a group of friends from airlines and logistics industry came together to establish such a company that may stand as an umbrella organization for channelizing the import and export by any means of the transportations and logistics solutions by 24 hrs. a day 7 days a week and 365 in a year.

The first initiations to prove our vision and to contribute best from our part we managed to operate some charter flights to channelize the breakage of the supply chain to import medical accessories and other commodities for general consumptions. I feel proud to share that during those days RIC operated the Cathay Pacific, Get Jet and Air Arabia charter flight from Hong Kong and Sharjah by consolidating from different parts of the China and abroad through these two gates.

Now, we are absolutely in our way as guided by our vision, we have already connected many international logistics network companies, Global Key account independent companies, Airlines, Sea liners and reputed agents around the world.

I am so proud of our team; they are well equipped with means and expertise. RIC is rising day and night just because of their dedication, motivation and strong beliefs that is why the company is able to stand well in the industry in such a short time period. I confidently do believe that the coming days will be brighter than now and we will be able to set a new milestone in the logistics service sector.
